AAUW Fund

by Linda Westman and Tobi Balma

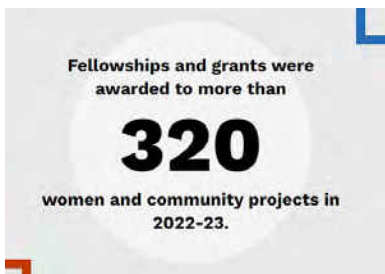

We may not have had a summer meeting, but it doesn't mean AAUW Long Beach is idle. Tobi and I are gearing up for the 2022-23 year to be a great one for the AAUW Fund. Since 1911 the Long Beach Branch has been working to advance the mission to ensure gender equity for women and girls through research, education, and advocacy. The AAUW Fund is one tool to achieve that goal.

The AAUW Fund supports a variety of programs including Greatest Needs, Education & Training, Economic Security, Leadership, and Legal Advocacy Funds. The *Greatest Needs Fund* is a general fund that allows AAUW the flexibility to respond rapidly to new and emerging challenges facing women and girls. The *Education & Training Fund* enables AAUW to address the barriers and implicit biases that can hinder the advancement of women by ensuring educational opportunities at every level. The *Economic Fund* allows AAUW to promote the economic security of women by addressing pay equity, providing training for salary negotiation, and deepening security and quality of life. The *Leadership Fund* seeks to close the gap in leadership participation for women and girls. The *Legal Advocacy Fund* promotes balancing the scales of justice and gender equity in matters such as unfair pay, pregnancy discrimination and violations of Title IX through the legal system.

We will be promoting Fund drives throughout the year. Donate any time [HERE](#) or by using the Red DONATE button on the AAUW website. AAUW is a 501(c)3 charity so any and all contributions are tax deductible to the extent allowed by law. We will also gladly take your checks!

Each month we will highlight an area of the AAUW Fund, and spotlight a recipient of one of our endowments.

This month we are spotlighting Gloria Appiah Naiah from Ghana, a recipient of the *Anna Stofflet Townsend International Fellowship*, the LB branch's oldest Endowment.

AAUW awarded \$6 million in fellowships and grants this year to 320 recipients. **Forty-nine (49) of these are in California!** Before COVID hit us, we would come together to hear fascinating stories of their research at luncheons in northern and southern California, but now we just make ourselves a sandwich and watch from home. Scholarship Success

Letter from CSULB Student Affairs Director of Development

Dear American Association of University Women Members,
Greetings from the Beach! On behalf of our students and the Division of Student Affairs, I wanted to personally thank you for your genuine investment in supporting our students, like Alexxandra, Chloe, and Diana. I am excited to share with you that we had 258 students apply for the **AAUW Long Beach Francis Magarian Scholarship!** Your generosity provides significant financial support to deserving students that are committed to pursuing their academic and life goals.

By awarding this special scholarship, you have lightened the financial burden that has been exacerbated by the global pandemic. With your support, our students can focus more on the most important aspect of school: learning. Your generosity will inspire our scholarship recipients to help others, pay it forward, and give back to the community.

Thank you for impacting another life today!

FRANCES MAGARIAN SCHOLARSHIP COMMITTEE

Frances Magarian was a long-time member of the Long Beach branch who bequeathed money to the branch. A committee, currently comprised of Mary Ann Takemoto, JoAnn Kuroda, Judy Willis, Darlene Daclan, Linda Westman and Sharon Westafer, was formed and guidelines were written to award \$500 scholarships to two Long Beach City College students and \$1500 scholarships to two CSULB students. The students must have at least a 3.0 GPA and be attending the colleges during the term of their scholarship.

Due to Covid restrictions in place by LBCC, we were unable to interview the applicants this year. We were provided with 7 applications, and based on the applicants' grade point average, essays and letters of recommendation and after careful consideration, the following recipients were chosen:

LaQuandra Harris a 31-year-old single parent with a 3.7 GPA. LaQuandra currently lives in a homeless shelter with her 11-year-old son and is determined to build a better life for him and herself. Her major is Sociology and Psychology. She feels that these majors give her flexibility to choose a career which will lead to advancing equity for women and girls of color by empowering them and helping them to explore opportunities for an education and success in life.

Tanya Fuentes helps to care for her mother while majoring in the Administration of Justice. She is 38 years old and worked in the legal field for 15 years before enrolling at LBCC. Once she completes her education, Tanya plans to work in community-based programs dealing with victim advocacy. Her GPA is 3.9 and she is currently on the Dean's list.

Membership Counts

New Member Mixer at Lola's

On August 4, 2022, incoming Co-Membership VPs Cacilia Kim and Jeane Caveness hosted an outdoor mixer for new members at Lola's in Bixby Knolls. Co-President Sunny Zia, along with seasoned branch members, Lamis Hashem and Tobi Balma, welcomed our newest additions with spicy salsa and cheesy appetizers. It was the perfect venue to relax and get to know one another just a little bit better. Please join us for the next event!

Be A Buddy!

In 2018, AAUW Long Beach started a buddy program to create a more welcoming environment for new members. The goal of the program is to help new members feel more connected to our branch, to us, and to the many volunteer and social activities we provide throughout the year.

What are the duties of a buddy?

Simple and fun! All you need to do is:

Share about your connection to AAUW LB and help the new member find their own connection by informing them about activities, events and other members that share their interests;

Ensure that the new member is receiving all branch communications; and

Invite the new member to meetings and programs!

This is a wonderful opportunity to meet someone new and help our branch to keep its "5 Star" rating by retaining 90 percent of its membership. But most importantly, it is an opportunity to provide a warm and welcoming introduction to our tribe.

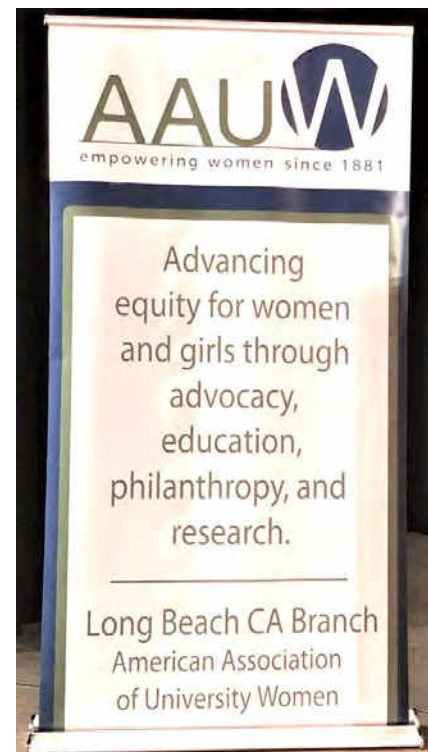

"An open door is a welcome that makes a stranger into a friend."

Please contact Cacilia Kim, Co-Membership VP, to become a buddy!

Diversity Corner by Mary Ann Takemoto, Chair, Diversity and Inclusion Committee

National AAUW has stated that diversity is critical to the mission and future growth of AAUW. In alignment with this focus on DEI (Diversity, Equity and Inclusion), our branch Diversity Committee was established in 2020 under co-presidents Jeane Caveness and Stelet Kim. The goal of the committee is to examine our branch progress in the areas of recruitment, retention and programming as it relates to diversity, as well as move DEI initiatives forward.

The Diversity Committee launched a membership survey in 2020 to look at our demographic makeup and identify groups underrepresented in the branch. Over the past year, we worked with the Membership Committee to establish goals of increasing women of color and younger women to the branch. The Diversity Committee partnered with the Programs Committee to include diversity topics in branch programs such as LGBTQ+ issues and unconscious bias. We will continue to include diversity topics in our programs this year, as well as have ice-breakers at our meetings for members to get to know each other better. We have been discussing ways to create a welcoming and inclusive environment for all, especially our new members.

The Diversity Committee meets monthly on the third or fourth Saturday of the month. Please let Mary Ann Takemoto know if you are interested in joining the committee or have suggestions. Look for future topics from the committee in the Diversity Corner in the Vantage.

CONGRATULATIONS

At our June branch meeting the Connie Inskip Leadership Award was presented to **Tobi Balma!** Although fairly new to our branch, she has been involved in a number of positions and has stepped up to be our Zoom manager when Covid prevented us from meeting in person. She is part of our buddy program, and also a member of the diversity, equity, and inclusion committee. She has regularly attended LACIC meetings and held offices there. With Tech Trek, she has served 3 times as Dorm Mom. There was more listed in her nomination, but I think

you'll agree the Connie Inskip Leadership Award goes to this outstanding person.

Congratulations, Tobi!

New Member Spotlight by Co-Membership V.P. Jeane R. Caveness, Ph.D

Highlighted this month are two new members who joined last spring.

Please welcome **Stephanie Osorio** who joined in April and **Jennifer (Jenn) Allen** who joined in May.

How did you get connected with AAUW Long Beach?

Stephanie: I was recommended by Tobi Balma after signing up to be a Core Teacher at the Whittier College Tech Trek.

Jenn: Daphne Ching-Jackson invited me to attend the Garden Party.

What is your current position or former position if retired?

Stephanie: Owner of Osorio Architecture, a residential design firm based in Long Beach, CA

Jenn: Executive Director of Long Beach Day Nursery, a high quality early care and education institution founded in 1912

What is something unique that you would like the branch to know about you?

Stephanie: As an architect, you might be surprised to know that my "dream job" isn't designing a brand new home, I LOVE remodels and working with families that have a budget. The challenge of figuring out how to make something beautiful without breaking the bank is actually incredibly fulfilling to me!

Jenn: Originally from outside of Chicago with an undergraduate degree from UCSB and a master's from Southern New Hampshire University (SNHU), I lived and worked in Mexico City, Mexico for 12 years and along the Tijuana border for another 8 years before settling in Long Beach. I am also a Certified Trained Facilitator.

What is your favorite activity or book?

Stephanie: I am a big dog person, so I love the book *The Other End of the Leash: Why We Do What We Do Around Dogs* by Patricia McConnell. My favorite quote from the book is "Humankind is drawn to dogs because they are so like ourselves—bumbling, affectionate, confused, easily disappointed, eager to be amused, grateful for kindness and the least attention."

Jenn: One of my favorite activities is hiking. I love being outdoors and challenging myself physically while enjoying fresh air, beautiful views, and good friendships

Any other comments?

Stephanie: I just finished my time as Core Teacher at Tech Trek Camp at Whittier College, and it was one of the best experiences of my life. Not only were the teachers, administrative staff, and dorm moms incredible, the students were just amazing. To tell you the truth, I was a little intimidated to be teaching architecture to a room full of teenage (or almost teenage) girls, but the experience was beyond incredible. Most of the girls came into the classroom with no experience in design, but by the time they left, some wanted to become architects. It was a lifelong dream of mine to teach young girls that you CAN make it in a profession that is still predominantly male.

Jenn: I look forward to learning more about this group and getting to know the individuals who are involved. Thank you for including me!
